ARCOS GOLF

BY PATIÑO RESORTS

A championship golf resort in the Heart of Cádiz

GOLF HOSPITALITY RESIDENTIAL DESTINATION

Golf is the business. *Cádiz is the multiplier.*

Patiño Resorts Arcos and Valderrama Investments SA aim to revive the Arcos Gardens resort and make it one of Europe's very best, with the golf course as the driving force of its recovery and success.

THE ENGINE · GOLF

Restore and noticeably upgrade an 18-hole Landmark course, redesigned by Kyle Phillips, so it becomes a true source of revenue and a top-tier tourist product.

THE STAY · HOSPITALITY

Cortijo, villas and a 5★ hotel plot

An early 20th-century cortijo with ten rooms, villas on the estate and a 28,847 m² plot for a brand-new five-star hotel.

OLD OLIVE TREES ON THE ESTATE

The people behind one of Europe's very best

For more than 20 years, Mr Felipe Ortiz-Patiño and his father, Mr Jaime Ortiz-Patiño, were among the main driving forces behind the creation of Valderrama, leading it to be ranked number one in Continental Europe and to host the world's most prestigious golf events since 1988.

THE CORE ASSET · THE COURSE

A Landmark course with championship credentials

Arcos Gardens, a resort and golf course designed by the American company Landmark, was chosen because of the quality and the design of its course, which allows it, with adjustments and upgrades, to become one of Europe's very best.

TOP 100 · CONTINENTAL EUROPE, 2015

2010–2015

ONE OF SPAIN'S BEST COURSES

CHAMPIONSHIP

The only championship course in the Sierra de Cádiz, with wide, rolling fairways that follow the natural relief of the land.

PRACTICE

Driving range, pitching and bunker area, two putting greens and three chipping greens. Buggies and clubhouse on site.

Yet it was never a "must play" course, and never became a tourist attraction in the way Sotogrande or Valderrama did. That is the gap the project closes.

THE PLAN · GOLF FIRST

From No. 88 to the top 30 in Continental Europe

01

Not only restore but noticeably upgrade the existing course so it can become a true source of revenue and a top-tier tourist product.

02

Equal the quality benchmark set by Valderrama in service and maintenance, and create one of Europe's most coveted and prestigious clubs and destinations.

2015

No. 88

Top 100 golf courses in Continental Europe.

REDESIGN

Kyle Phillips

The world-renowned architect selected to redesign and upgrade the course.

STANDARD

Valderrama

A substantial increase in the quality of maintenance and service.

OBJECTIVE

Top 30

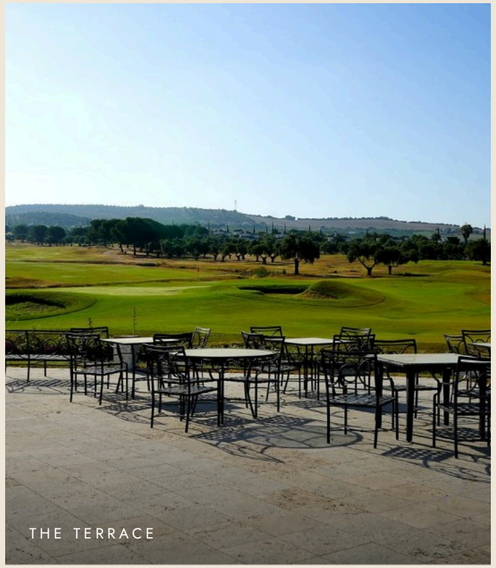

Among the very best in Spain, a "must play" course and a venue for major professional events.

THE ESTATE TODAY

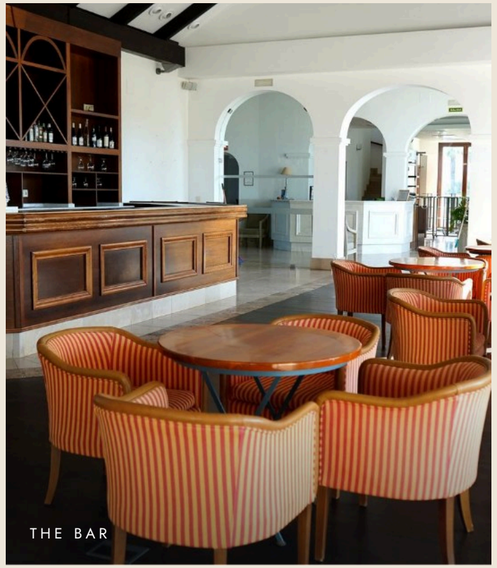

The place itself

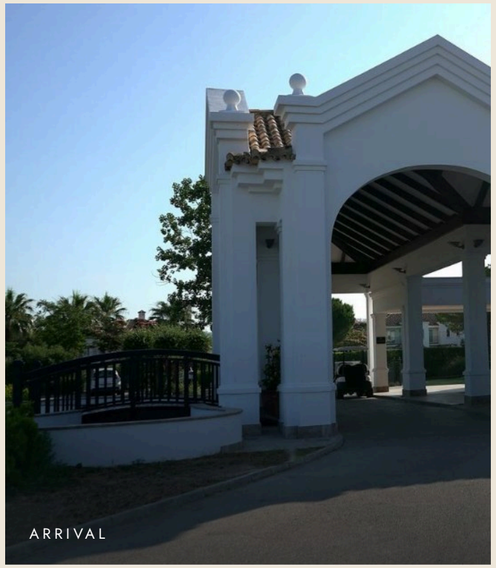

Whitewashed courtyards, old olive trees and a clubhouse opening straight onto the course. The resort already exists: what it needs is the investment, the standard and the name to bring it back.

HOSPITALITY · THE CORTIJO

An Andalusian cortijo at the heart of the resort

An early 20th-century cortijo on 19th-century foundations, operated as a small hotel: a restaurant, lounges, a patio, two terraces, a swimming pool and sports facilities. With its large gardens, it offers excellent conditions for hosting social events.
